

UPDATED INFORMATIVE DIGEST

As authorized by Government Code section 11346.9, subdivision (d), the California Environmental Protection Agency (Cal/EPA) incorporates by reference the Informative Digest prepared for this rulemaking.

UPDATED FISCAL IMPACT ESTIMATES

Mandates on Local Agencies and School Districts: Cal/EPA has determined that adoption of these regulations will create no new local mandates.

Estimate of Potential Cost or Savings to Local Agencies Subject to Reimbursement: Cal/EPA has determined that adoption of these regulations will not impose a local mandate or result in costs subject to reimbursement pursuant to Government Code part 7, division 4, section 17500 et seq., or other non-discretionary costs to local agencies. Local agencies may experience savings, in an unknown amount, to the extent they will not perform the governmental activities that will be done instead by DTSC when funding for those activities is in place. Local agencies, as with all other businesses and persons, are already subject to a requirement that they pay a CUPA fee pursuant to Health and Safety Code section 25404.5, insofar as they engage in any of the activities regulated by the CUPA. Cal/EPA expects to bill the fee to local agencies after the methodology for setting the fee is established by the proposed regulations. Local agencies will be exempt if the activity is exempt from fees pursuant to Health and Safety Code sections 25174.7 or 25205.3.

Cost or Savings to Any State Agency: Cal/EPA has determined that the proposed regulations will have no net impact on state revenue or costs. The fee is designed to make the CUPA program entirely self-funding in jurisdictions where the designated agency acts as the CUPA. Therefore, increased revenue will exactly equal increased cost.

Cost or Savings in Federal Funding to the State: Cal/EPA has determined that the proposed regulations will have no impact on federal revenue or costs.
